Wadding + Backing 35" x 35"

Template Plastic

Gold thread

Cutting

1. 6 from template
2. 1 x 5³/₄" x 42"
3. 1 x 5³/₄" x 42"

Making

Start by cutting a hexagon from your template plastic with the sides measuring 6¹/₄", this includes the seam allowance.

From each of the fabric strips cut 9 equilateral triangles.

Lay out the pieces as in the main diagram.

Start by sewing the 6 triangle pieces in the centre together to form a hexagon.

Split the pieces into 3 horizontal rows.

Assemble these rows working diagonally, by joining the triangles onto the hexagons and then joining these larger pieces together to complete each row.

Once all three rows have been made up, join them together to complete the top layer.

Sandwich together, top layer, wadding and backing and quilt with festive designs using gold thread.

Add binding made from fabric 4.
